## BRIEF SUMMARY

As a fourth-year computer science student at Parul University, I've delved into the realm of full stack web development, intermediate in frontend and basic knowledge about backend technologies. My proficiency extends to programming languages such as C, C++, Java, and Python, providing me with a versatile toolkit for tackling various projects. Additionally, I possess a basic understanding of database management systems, including relational databases like MySQL and NoSQL databases like MongoDB, I'm poised to embark on a rewarding career in software development or pursue further education in the tech industry.
